Head of the Institute	Message
	An Institute is assessed on the basis of the Academic ambiance and outcome of the system in terms of performance and achievements of the students and staff in teaching-learning, research, innovation, Placements, and results. AITM has been known for its Academic credentials coupled with holistic growth in all directions. The new generation of competent minds must imbibe knowledge and practically they should comprehend the art of balancing brilliant technical, managerial communication, and interpersonal skills, nest. The Institute has achieved a series of milestones with the help of brilliant students, dedicated staff, and encouraging Management. We promise a wonderful experience of rich Academic and Excellent facilities coupled with professional practices and blended with an affectionate concern for our Students.
Head of the Department	**Message**
 Prof. Sagar Belgaonkar M. Tech, (Ph. D)	Welcome to the Department of Civil Engineering. We as a department are dedicated to disseminating knowledge across the broad fields of civil engineering. Our aim is to educate students in the capacity to analyse, design and interpret outcomes of specific domain to inculcate professional competence, personal and interpersonal skills to groom students to become globally competent. The department adopts outcome based education [OBE] concept and follows Choice Based Credit System [CBCS] in its teaching –learning-evaluation process. Our department houses three dynamic divisions: Undergraduate, Post Graduate and Research centre, which explores the interplay between Technical, Practical, experiential, collaborative teaching and learning experiences, which prepares students for careers in broad fields of civil engineering. The dedication of our faculty and the enthusiasm of our students continue to inspire me as head of this vibrant department. Our collective effort to educate students who are prepared to engage with society effectively and succeed in their professional endeavours makes me proud. I encourage you to explore our Department and discover the diverse educational opportunities that are available to both undergraduate and graduate students. If you want to get closer to our departmental pursuits or have any inquiries about our initiatives, feel comfortable

Institute Vision and Mission

Vision

To become a premier institute committed to academic excellence and global competence for the holistic development of students.

Mission

M1: Develop competent human resources, adopt outcome-based education (OBE) and implement cognitive assessment of students.

M2: Inculcate the traits of global competencies (such as domain expertise, Accountability, ethics, problem solving ability, communication skills, leadership Qualities and life- long learning) amongst the students.

M3: Nurture and train our students to have domain knowledge, develop the qualities of global professionals and to have social consciousness for holistic development.

Department Vision and Mission

Vision

To provide quality education in the field of Civil Engineering and to develop competent engineers with a global perspective.

Mission

M1: Adopt relevant pedagogical approaches supported by the adequate infrastructure.

M2: Instill ability amongst students to collect data, experiment, analyze, design and interpret the outcomes concerned with the specific domain.

M3: Inculcate professional competence, personal and inter personal skills to groom students to become globally competent.

Industrial Visit for Final year students 22nd Aug 2026

Industrial Visit for Final year students.

The Department of Civil Engineering AITM organized an Industrial visit to the Kapeel Founders, Navage plant Belagavi on 22 August 2026 focusing on design of steel structure as a part of VTU curriculum for the subject BCV701-DSS.

Our students stepped out of classroom and on to the exposure to the real world structural engineering. During the site visit they observed and analysed

1. Structural elements: Column Bases, Truss configurations& heavy duty granty girder

2. Connections: Practical Execution of welded bolted and riveted joints

3. Advanced layouts: High performance composite sections, mezzanine floors, retaining wall and pre-engineered building (PEB) in the live site conditions.

Huge thanks to the Management and Engineers at Kapeel founders for hosting and providing invaluable insights.

Thanking Mr. Sagar L. Belgaonkar HOD, Department of Civil Engineering for this constant support and encouragement.

Also thanking Mr. Vijay Kumar Sureban , Mrs. Shruti Umare and Ms. Snehal Mane Asst. Prof. for accompanying the students.

Thanking Management of AITM and Principal and Director Dr. Anand Deshpande for this opportunity.

AITM's Academic Excellence Goes Global

A Proud International Achievement for AITM!

We are delighted to share that Dr. Anand B. Deshpande, Principal & Director, Angadi Institute of Technology & Management, Belagavi, has been invited as a Speaker at an International Scientific and Practical Conference to be held at the Karelian Research Centre of the Russian Academy of Sciences (KarRC RAS), Petrozavodsk, Republic of Karelia, Russia.

Conference: Regional Cooperation within BRICS: Modern Environmental and Nature Management Issues

📅 September 15–17, 2026

📍 KarRC RAS, Russia

This international invitation is a proud recognition of Sir's academic leadership, expertise and dedication to research and knowledge sharing, while bringing global recognition to AITM.

AITM proudly congratulates Dr. Anand B. Deshpande Sir on this remarkable achievement! May this international platform open new avenues for academic collaboration, research exchange and global engagement.

Wishing you a successful and enriching conference!

— Management, Administrator, Deans, HoDs, Faculty, Staff & Students of AITM, Belagavi

Memorandum of Understanding (MoU)

Angadi Institute of Technology and Management (AITM), Belagavi, has signed a Memorandum of Understanding (MoU) with the Karelian Research Centre of the Russian Academy of Sciences (KarRC RAS), Petrozavodsk, Republic of Karelia, Russia , marking a significant step towards strengthening international academic, scientific and research collaboration.

The Karelian Research Centre of the Russian Academy of Sciences (KarRC RAS) is based in *Petrozavodsk* , *Republic of Karelia,* *Russia* , and is a prominent research organisation engaged in scientific research and international academic cooperation.

The MoU was formally signed in KarRC RAS Petrozavodsk, Russia, on 15/09/2026, by Dr. Anand B. Deshpande, Principal and Director, AITM, and Dr. Bakhmet Olga Nikolaevna, Director General, Karelian Research Centre, Russia.

The collaboration aims to promote joint research, academic exchange, faculty, student and Ph.D. scholar mobility, internships, joint publications, patents, conferences, workshops and faculty development programmes, along with collaborative applications for national and international research funding.
